### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

As to independent claims 1, 2 and 8, directed towards a controller and a data processing system, the following features taken in combination with the remaining limitations of the independent claim are not found in and or are not obvious in view of the prior art of record,

**Claim 1,**

*"a terminal used for outputting the data processed by the data processing circuit and/or providing the data to the data processing circuit, wherein the controller connects the write wire and the terminal so that the firmware is directly written to the memory by an external device via the write wire";*

**Claim 2,**

*"a firmware write wire connected to the firmware storing memory, wherein the controller selectively connects the first terminal and one of the data processing circuit and the firmware write wire, wherein the controller connects the first terminal and the firmware write wire so that the firmware is directly written to the firmware storing memory by the external device";*

**Claim 8,**

*"a selector connected to the data processing circuit and the memory for selectively connecting the connector and one of the data processing circuit and the memory, wherein the firmware is directly written to the memory by the external device via the connector when the selector connects the connector and the memory".*

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the
